=====

The Reunion Committee has asked me to develop a 2022 digital Yearbook for our 50th Reunion which will include input and photos from classmates. More on the yearbook and how to submit your contributions in future updates.

i am now updating our Directory web page because I may use some of this information in the yearbook (undecided how much):

<https://cga72.com/03-Directory.html>

So today I started by removing any Nicknames that we may have used in the past but now in 2022 may no longer be appropriate or may be offensive to a classmate. Newelli and I reviewed the page for ones we should remove.

- Now is your chance to remove or add any nicknames for yourself.
- You can also add or update any information or SWABO's posted on this page.
